FOUR STAKING PLANS

We have four types of staking plans with different periods and percentages of profitability.

Plan Type - Withdraw profit any time

- Comet Plan - (188 days) - 2.2% per day - 413.6% profit
- Earth Plan - (92 days) - 3.3% per day - 303.6% profit
- Mars Plan - (51 days) - 4.1% per day - 209.1% profit
- Sun Plan - (25 days) - 5.6% per day - 140% profit

Explanations:

1. Starting percentages (what you see on the slide) increase every day by 0.1% if you hold your profit and don't withdraw. For example: on Comet plan on day 100 of the project, the starting percentage will already be equal to 12.2% per day ($100 * 0.1\% + 2.2\%$)
2. The total rate will be calculated every day and the hold bonus will be reset to 0 if you withdraw.

REFERRAL SYSTEM

Get additional income by inviting people to follow your link

You will receive:

- 5% from each level 1 referral deposits
- 3% from each level 2 referral deposits
- 2% from each level 3 referral deposits

For example, your level 1 downlines invested 100 bnb, level 2 downlines invested 500 bnb, level 3 downlines invested 1000 bnb, you will receive referral commissions: $100 \times 5\% + 500 \times 3\% + 1000 \times 2\% = 40 \text{ bnb}$

****You need to have at least 1 deposit to activate your referral link***

INSURANCE PROGRAM

CometVault has set up a safe mechanism called the “Insurance” program to protect members’ principal investment.

10% withdraw fee goes into the INSURANCE fund and it will cover any members who are not 100% returned their investment.
